

The Future of Remote Monitoring Will Never Be the Same

2015-03-09

Minneapolis and Houston - Preventice Solutions announced today that it will participate in the ACC.15, hosted by the American College of Cardiology on March 14-16, 2015 in San Diego, CA. Preventice Solutions will showcase its solutions for remote patient monitoring, education and engagement technologies.

The mobile healthcare horizon is bright with the offerings from Preventice Solutions. Simplifying the remote monitoring experience for patients and delivering the best continuity of care and a better seamless patient experience is precisely what Preventice Solutions vision is all about. It aims to deliver not only an unprecedented combination of cutting edge sensor technology but also best in class customer service.

Preventice Solutions is a strategic combination of: eCardio Diagnostics LLC, a leading provider of remote cardiac monitoring products and service and Preventice, an innovator in software solutions for remote patient care and developer of the PatientCare™ Platform and the BodyGuardian® Remote Monitoring Sensor. The two companies will now operate as wholly-owned subsidiaries of a newly formed holding company, Preventice Inc.

John H. Untereker, Executive Vice President and Chief Operating Officer, said "At Preventice Solutions, our collective focus is fixed on making a difference in the lives of those who rely on our innovations. We are constantly challenging ourselves to find novel solutions that improve patients' wellbeing. Those outcomes are specially designed around deep insights uncovered from truly listening to our customers".

"We are coming together at a pivotal time in the mobile healthcare industry. As health reform demands more focus on delivering quality outcomes and reducing costs, providers are turning to technology like remote monitoring to diagnose and treat more patients in ways that use time, money and human resources efficiently and effectively. Our shared vision is to become a worldwide leading remote monitoring company" said Jon Otterstatter, President and Chief Global Strategy Officer of Preventice Inc.

Preventice Solutions management team is committed to a pioneering collaboration to maintain agility while delivering the best scale and support to patients and healthcare providers.
